## Thank you for your support!

Dear member,

Thank you for helping the Falkland Society with your subscription.

We're now starting to put together the new season's programme, starting on Wednesday 11 September with a talk by our Chair, Dr Peter Burman, about the Orkney islands, which he has been visiting for over 40 years. The meeting will begin with the AGM when we will be briefly reviewing the past year's achievements and the plans for the coming year, and voting in the new Committee. Please put this in your diaries, but note that the venue for this meeting, and for the following meetings, has still to be fixed - we'll let you know when it's been finalised. Meanwhile the draft programme can be viewed at <http://www.falklandsociety.org.uk/2019-20programme.shtml>.

But before our season begins, the Falkland Craft Symposium is being presented for the fourth year running, based at the Stables, on the 23rd and 24th of August. You can [download the brochure in PDF form](#) or book tickets via the Centre for [Stewardship's Eventbrite page](#).

Hope to see you all during the coming season!

Ross Burgess, for the Falkland Society - <http://falklandsociety.org.uk/>.
